

2 sided A-frame Compactainer®

The Compactainer® design helps you reduce manual handling, improve ergonomics and space efficiency in combination with higher cubic truck fill.

The one person nesting ensures that your employees or customers, can reduce space requirements in outlets and storage rooms. It further ensures that you can get all empty roll containers back quickly from the delivery points.

By avoiding the "upside down" lifting or demounting efforts the Compactainer® is an ergonomic solution for the order-picking and delivery of goods.

It can also be easily converted into a 4-sided roll cage thanks to add-on doors.

The Compactainer® is a well-proven cart within wholesale and retail industry globally.

Designed for following uses and industries:

Key benefits

- ✓ Space-efficient
- ✓ One person handling: easily nestable for storage
- ✓ No lifting: Best in class ergonomics
- ✓ Low tare weight to reduce emissions and fuel consumption
- ✓ Designed for easy maintenance and high resistance to damage
- ✓ No loose parts
- ✓ Improved brand recognition
- ✓ 2-way forklift entry
- ✓ Suitable for automation

Technical specifications

External dimensions	1581 x 800 x 704 mm
Internal dimensions	1389 x 800 x 660 mm
Unit tare weight	29 kg
Safe working load per unit	450 kg
Loaded units / 13,6m trailer	57
Nested units / 13,6 m trailer	258
Nesting increment	150 mm
Castor size	100 mm
Castor type	2 fixed, 2 swivel compound
Finish	Zinc electro-plated + dip-lacquered
