

L-frame Roll Container – designed for the transport of parcels

As parcel volumes grow, this L Frame Postal Cage allows you to increase your cubic fill and increase operational efficiency.

This 3-sided nestable heavy duty roll cage has an innovative design that provides both robust product performance and easy handling.

One of its main benefits is that it can be used either on its own or towed in a train.

Designed for following uses and industries:

Key benefits

- ✓ Space- and time-efficient unit
- ✓ Can be used on its own or towed in a train
- ✓ Designed to suit tipping automation
- ✓ Nestable cage for higher cubic fill
- ✓ Ergonomic handles on one short sides to easily pull the unit
- ✓ Safe to handle with its two brake feet
- ✓ Equipped with 4 straps on open side to secure the load
